Jannie,

We would like to take this opportunity to pass on our thanks to you on behalf of our office for the outstanding 4x4 training you provided us.

Your ability to tailor your training to meet our diversified needs based on our location, terrain, previous 4x4 experience and weather patterns was vital in our selection on using your company. I would highly recommend your company to any organization that has a need to build upon those skill sets required for driving 4x4 vehicles in Africa.

Yours and your staffs assistance and attention to detail throughout the entire process from planning to execution made our training and overall experience with your company a pleasure; we look forward to training with you again in the near future.

Warm regards,
